Dear Sir:

This is responsive to the Office Action dated November 17, 1998, regarding the

20 above application.

IN THE CLAIMS:

Claim 3, delete "NC".

REMARKS

Claims 1 through 6 stand rejected.

25 Claim 3 has been rejected under 35 U.S.C. 112 due to a missing antecedent basis.

This inadvertent error has been corrected, and the rejection thus overcome.

Before turning to the specific rejections based upon prior art, it is believed that a

brief review of applicant's invention as presently claimed would be helpful. Applicant's

invention relates to a technique of utilizing a remote server in order to assist in presenting

30 a graphical user interface (GUI) to a user. In operation, software from a communications

server is downloaded to a terminal. The software is specifically designed to allow

communications between the terminal and a remote host. A second communications
